

TexTEC Camp at Gaston College

Textile Technology, Engineering and Chemistry Camp

TexTEC Camp is:

- A two-day, non-residential program.
- For rising high school sophomores, juniors and seniors.
- Hosted by the Department of Textile Engineering, Chemistry and Science and the Textile Technology Center at Gaston College Kimbrell Campus.

You'll spend time in our Textile Technology Center's labs and gain hands-on knowledge about sustainability, biomedical textiles, forensics, color science, composites, chemistry, electronic textiles, protective apparel and engineering!

You'll also get to:

- Screen print your own fabric.
- Learn from our faculty, staff and students.
- Explore our scholarship opportunities.
- Find out more about our admissions process.

go.ncsu.edu/textec

At Gaston: June 17-18, 2026

Application opens Feb. 15.

Need-based scholarships are available.
