Password Management
for Student Email, Lab, Printing, Wi-Fi and Blackboard

One password will access student email, lab, printing, Wi-Fi and Blackboard. Your initial password will be a capital GC# and your 7 digit Gaston College ID number (e.g., GC#0123456).

Password Management - gcpass.gaston.edu
When logging into a lab for the first time you will be required to set up the GC Password Management profile for password recovery. You may access your profile management by selecting QUICK LINKS on gaston.edu, then password reset GC Pass under the Students heading. To use AD Self Password Reset you first need to enroll. Once enrolled you can reset your password and unlock your account by answering several personal security questions.

If you change your password through the GC Password Management site, it will change your password for email, lab, printing, Wi-Fi and Blackboard. Please allow up to 20 minutes for all passwords to sync.

FAQ

Q. Are all my passwords the same?
A. No. Your Webadvisor uses its own password. Blackboard and Student Email use the same password as it is a (SSO) single sign on.

Q. Is capitalization important for my login information?
A. Yes, usernames and passwords case sensitive. If you have issues logging in, check your capitalization.

Q. Can I reset my own password?
A. Yes and No. Blackboard and Student Email allow you to change your password with the help of our Password Management System. (Please see Password Management section) Webadvisor does not allow you to reset your password. You will need to contact Technology Services if you are unable to change your password on your own.

Q. Do I need to set up a student email account?
A. No. When you apply to become a student at Gaston College, you are created an email account. Please see “Student Email” for more login information.
